

How Ready Are You For The After Covid World?

If you want to be better able to build a healthy, sustainable, thriving organization for the After Covid world, the Leading With Courage Academy offers two options for improving your self-awareness.

Did you know that 85% of us think we're self-aware, but the real number is 10% - 15%?

This helps to explain why many of the challenges we face as leaders and managers can be traced back to a deficit of self-awareness.
